Early Writings

**The “Shut Door” & the “Open Door”**  
In the special efforts which were made to proclaim the Advent message in the summer of 1844, the leaders in the movement had seen their own experience in the parable of the ten virgins recorded in Matthew 25. There had been a “tarrying time” followed by the cry, “Behold the bridegroom cometh; go ye out to meet him.” This was commonly referred to as “the midnight cry.” In her first

**The Gathering Time**  
EW 74  
September 23, the Lord showed me that He had stretched out His hand the second time to recover the remnant of His people, [See page 86.] and that efforts must be redoubled in this gathering time. In the scattering, Israel was smitten and torn, but now in the gathering time God will heal and bind up His people. In the scattering, efforts made to spread the truth had but little effect, accomplished but little

vision, this was shown to Mrs. White as a bright light set up behind the Adventists at the beginning of the path. In the parable, they read that those who were ready went in with the bridegroom to the marriage, "and the door was shut." (See Matthew 25:10.) They therefore concluded that on October 22, 1844,

or nothing; but in the gathering, when God has set His hand to gather His people, efforts to spread the truth will have their designed effect. All should be united and zealous in the work. I saw that it was wrong for any to refer to the scattering for examples to govern us now in the gathering; for if God ...

**HEALTH NUGGET** **What Is Sudden Cardiac Arrest?** Sudden cardiac arrest (SCA) happens when the heart unexpectedly stops beating, cutting off blood flow to the brain and other vital organs. This medical emergency is often confused with a heart attack, but the two conditions are different. While a heart attack is caused by blocked blood flow, SCA results from an electrical malfunction in the heart.

**Recognizing the Symptoms of SCA** SCA strikes without warning, but there are often subtle signs before it occurs. Symptoms may include sudden collapse, loss of consciousness, and no pulse or breathing. In some cases, individuals might experience dizziness, chest pain, or shortness of breath just before an arrest.

**Immediate Action Saves Lives** Acting quickly is crucial when someone experiences sudden cardiac arrest. Every minute without intervention decreases the chance of survival by 7-10%. If you witness SCA, call 911 immediately, begin CPR, and use an Automated External Defibrillator (AED) if available.

**Preventative Measures You Can Take** Although SCA can strike anyone, there are steps to lower the risk. Regular exercise, maintaining a healthy diet, and managing conditions like high blood pressure and diabetes can help prevent SCA. Additionally, regular medical check-ups can catch potential heart issues early.

**The Importance of CPR and AED Training** Learning CPR and how to use an AED can mean the difference between life and death in sudden cardiac arrest situations. Both techniques are designed to keep blood flowing to vital organs until professional help arrives. Community CPR classes and online training programs can equip you with these life-saving skills.

**Sudden cardiac arrest is a medical emergency that requires immediate action. By understanding the signs and knowing how to respond, you can potentially save a life during a critical moment.**

Information about LOMA LINDA TRAIN STATION VISION from a letter on file at the Ellen. G. White Estate, and the book 101 Questions on EGWwritings.org. Question No.50 101Q 117

*I have a paper that refers to a statement by Ellen White made about the year 1908. While waiting at the Loma Linda railroad depot in the company of Will Ross, Sister McInterfer, and Elder D. E. Robinson, she referred to a terrible storm of persecution that was coming. [Ross's statement claims she said*

Christ.” RH July 13, 1905, par. 1  
There are those who are always seeking for something new. If they understood aright, they would realize that the newness that they need is that which comes from a daily growth in the knowledge of our Lord and Saviour Jesus Christ. Let us keep firm and unshaken our faith in the message that God has given us for these last days. The world is fast becoming as it was in the days of Noah. Christ declared that this would be the sign of the end,—men would be eating and drinking, planting and building, marrying and giving in marriage, until the day of the coming of the Son of man. His words mean far more than we have yet seen. Do not the events that have taken place show this? RH July 13, 1905, par. 2 “And truly our fellowship is with the Father, and with his Son Jesus Christ.”

that after the storm those who had been church leaders “were never seen anymore,” and new leaders “who had never sought positions before” would take their place.] Can you tell me anything about this statement? 101Q 117.1

I have two items here that may be of some help to you. The first is a statement from Arthur L. White, and the second is one from D. E. Robinson. 101Q 117.2

Arthur White begins by pointing out that the supposed statement is “based entirely on the memory of one man.” Then he notes that while the report claims Will Ross lived near Ellen White in Loma Linda and often went for walks with her, she actually was living in Elmshaven at the time and no longer did much walking. “The point I am endeavoring to make,” Elder White wrote, “is that as time goes on

“Perhaps the boldest thing, the most revolutionary change the Church ever did, happened in the first century [sic]. The holy day, the Sabbath, was changed from Saturday to Sunday. ‘The Day of the Lord’ (*dies Dominica*) was chosen, not from any directions noted in the Scriptures, but from the Church’s sense of its own power...
